

Volunteer Community Buddy Scheme

With the local lockdown and now the fire break, volunteers are still needed to support local residents, particularly those who are vulnerable and isolated. Caerphilly County Borough Council via GAVO are now recruiting to their new Volunteer Community Buddy Scheme, which is operating in the North, South and East of the County. As a buddy you will be matched with a vulnerable person and support them during the current pandemic. This support could involve chatting and catching up with somebody, running errands, or having a socially distanced chat. You do not need any particular skills or knowledge to undertake this role just be enthusiastic and be able to commit some time. A full induction and training will be provided.

You can find out more about each volunteering role and join up by clicking through to the following links:
