National Resources Wales will remain in contact until further details are obtained regarding the exact location of the issue.

#### **G. Current Projects**

- a. ASB / Off road biking deterrent / Traffic calming / Safe Routes in Communities / Speed Watch  
Cllr Lee Cecil advised that he has recently discussed the ongoing issues of traffic volume and speeding through Rudry with Inspector Richard Tovey. As peak morning traffic occurs between 7am and 9am, arrangements will be made to meet on site at approximately 8am to assess the extent of the problem during the busiest period. Cllr Lee Cecil also received reassurance from Inspector Richard Tovey that Gwent Police will be trained and have access to DWRCC CCTV to enable them to be the witness, not an individual. Thus, negating any individual harassment of councillors.

- b. Defibrillator Supplies & Contracts  
Cllr Kevin Stanworth advised that the battery has not been received as of yet. This will be chased up. Cllr Amanda McConnell has asked to be informed once the defibrillator goes live on the circuit.

Dates have been suggested for defibrillator training, however, there has been limited interest in this. Cllr Kevin Stanworth suggested that a sign is created to be put up locally to generate interest.

- c. Wildflowers, Daffodils & Tête-à-tête  
Wildflower seeds have been received. Cllr Kevin Stanworth will arrange for his contact to conduct Google map searches to give advice on the types of seeds to be sown in each location, depending on soil conditions.

#### **H. Items for Discussion**

- a. Go Safe / Speed Awareness  
Cllr Lee Cecil advised that three black boxes have now been deployed around Draethen. The data collected indicates that the average speed does not exceed the legal limit. - d. Bench in Rudry  
Cllr Lee Cecil advised that the plan is for the bench to be refurbished. Cllr Kev Ingram noted that Caerphilly Council's position is that benches should be replaced by their approved contractor. Councillors agreed to proceed with refurbishment.
